

Lions' generosity helps gardens

THE Woolgoolga Regional Community Gardens has received a pleasant surprise thanks to a generous donation from Woolgoolga Lions Club.

The Lions Club presented the gardens with an \$800 cheque after their third annual Community Garden Open Day, where Lions members also donated their time and effort to cook the barbecue for the event.

Woolgoolga Regional Community Gardens president EJ Merrick thanked the Lions Club for their hard work and

generosity.

"The help and support Lions gives to our community is not always recognised," Mr Merrick said.

"But when you have a volunteer organisation like Lions donating time and money to another volunteer organisation, you know that their work in the community should be recognised.

"So thanks to all concerned for your generosity, from everyone at the community gardens."
