

Save the date and enjoy the outdoor gardens

LEARN about the community gardens, enjoy local musicians, browse through information stalls and have a fun day outdoors at the community gardens open day.

Woolgoolga community gardens are holding the open day and have lots planned for people to enjoy. There's a know your

plastics session with Louise Hardman, a garden tour, planting with the kids, biodynamic talk with John Hodgkinson, kids craft activities and composting with David Wilson.

Television personality Costa Georgiadis is the special guest on the day.

To be held on Sunday, August 27, 10am-2pm.
